FAIR WEATHER IS WANTED SATURDAY

Program for Press Club Picnic at Springbrook May Have to Be Trimmed.

If the vaudeville show, to be given in connection with the annual outing of the South Bend Press club picnic at Springbrook park Saturday, is half as amusing as the rehearsals, the performances will be a knockout, according to a statement of the entertainment committee Friday. The first rehearsal at the park was held Thursday afternoon. Several performers, employed on the morning edition of the News-Times, have been rehearsing between the usual hours of 3 and 4 o'clock in the morning, after they have completed their work.

The entertainment committee is laboring under unusual difficulties in preparing for the outing, because of the inclement weather. In case of rain or cold weather, it will be necessary to call off two or three of the stunts, but these events will be replaced by some equally entertaining features indoors. It is very possible the big boat race between crews of the two newspapers will have to be abandoned.

The special picnic car, in charge of F. L. Hardy, superintendent of transportation of the Northern Indiana Railway Co., will leave the interurban station at 2 o'clock in the afternoon. On the way to the park, the Press club and its guests will be entertained with a concert by the Royal Italian band, which has been playing throughout the week at Springbrook. The band will also be used in connection with the vaudeville entertainment in the park casino. The party will return to the city about 7 o'clock in the evening.

HEARING ON RULING MAY BE HELD HERE

Protest Against the Withdrawal of Freight Rate Growing in This Section.

The withdrawal by the railroads of the proportional class rates is causing much feeling among northern Indiana shippers. Responses to the appeal sent out by the South Bend Chamber of Commerce to other neighboring cities to file protests with the interstate commerce commission against the withdrawal of the rates, are being sent in.

It was stated Friday morning that the withdrawal of these rates would mean an enormous loss to many concerns in the city. The proportional rates apply to territory southeast of the Ohio river. It was also stated that the local rates that are to be placed in effect would be so prohibitive as to compel many local shippers to abandon their sales territory in the southeastern states.

The Crown Point chamber of commerce will file a protest with the commerce commission, word was received to that effect by the local Chamber of Commerce. Many private firms have also filed protests directly. Because of the agitation begun against the withdrawal of the rates and the forcible manner in which the matter has been called to the attention of the interstate commerce commission, it is probable that a hearing will be held in South Bend in the immediate future. South Bend was the first city to file a protest, and because of this fact and because this city is more concerned than any other community, the commission will listen to the arguments of the shippers in this city.

FIND EXACT LOCATION OF HENNAPIN'S PONDS

Kaley Boys Taken on Trip Over LaSalle Portage by Director Barnes.

On a trip taken Thursday afternoon with 10 boys from the Kaley playground, over the old LaSalle portage from the Kalamazoo to the St. Joseph river, F. B. Barnes, director of municipal recreation, pointed out the exact location of Hennapin's ponds, spoken of by LaSalle as the place where he and his party embarked on the Kalamazoo. Near the ponds were found several old-burr oak trees which marked the old Indian trail.

On this trip, Mr. Barnes and his party started at the breakage end of the trail and followed it to the St. Joseph end. The number of boys who made the trip was cut down by the rain, it having been expected that 25 would go on the hike, but those who were not prepared for wet weather were forced to remain.

Next week boys from either the Sample or Laurel playground will go on the hike, to the breakage end of the trail and followed it to the St. Joseph end. All the playgrounds have been made of all the playgrounds a series of hikes to other historical places will be started.

AGAIN CONTINUED.
The case of Leon Klingenberg, 715 E. Colfax av., driver of the Jitney bus which crashed into the rear end of the police patrol some time ago, and inflicted some \$12 damage, was again continued in city court Friday. Friday's action was the 12th continuance in the matter. Aug. 11 was set as the date of the trial.

DEATHS.

He is survived by his wife of Chicago, his father and mother, Mr. and Mrs. Wesley C. Huggart of Lakeville; two brothers, Andrew and Fred of this city, and two sisters, Lotie and Dortha, living at home at Lakeville.

CAMPAIGN WILL BE HELD BY LOCAL Y. M.

Hope to Keep Up to Present Mark of 1,305 Members, Says Sec'y J. Q. Ames.

A membership campaign to bring about renewals of members and to get new members is to be undertaken by the Y. M. C. A. the last of October and the first of November. This was the announcement made by J. Q. Ames, general secretary of the association, Friday morning.

The campaign is to be conducted in connection with a state wide campaign put on by the state association at Indianapolis. All associations in Indiana will begin their campaign simultaneously and finish at the same time. The state campaign is now in the hands of a committee, which has not made an official report to the various Y. M. C. A.'s located in the various cities.

It is probable, however, that the campaign will be conducted along the same lines this year that it was last. One important change has been made in the time that the campaign is to be held. Last year the state campaign came to early for the South Bend Y. M. C. A., and it was necessary for the local association to hold a second campaign for members. This year, however, it has been postponed to suit the convenience of the local association.

"It is probable that we shall do very much better this year," said Mr. Ames. "The campaign is to be made to keep our membership up to the present standard. It will be a campaign for renewals and new members to supplant those that naturally drop out from year to year. We have at present 1,305 members and hope to keep up to that mark during the coming season."

SPEAKS ON MEETING JESUS

Pastor Says It Will be Most Wonderful Ever Held.

The manner in which man must live while on earth and the things he must do were explained at the Salvation Army tent last night by Rev. Melvin C. Hunt, pastor of the Trinity Methodist church, in his sermon on the subject, "Meeting Jesus."

"The meeting with Jesus will be the most wonderful and enjoyable meeting that any human ever witnessed. Everything shall be pure and every one will be glad that he has been on earth as he should have been. There is only one thing asked of us, we have this pleasure of meeting Him and that is that we live pure and good lives. Those who die a drunken or impure life will never see this, but are doomed for the punishment which is theirs."

Special music was furnished by members of the Trinity M. E. church.

CHIEF SIBREL MYSTIFIED

Somebody Pulls Box No. 623 Every Night Without Cause.

Fire Chief Sibrel has a grievance, and it is aimed at an unknown person. He has asked the police department to help him solve the mystery, which devolves about the pulling of fire telephone box No. 623, at Sample and Pulaski sts. The box has been pulled for the past several nights, always about 11:30 o'clock, and it necessitates runs by fire stations Nos. 2, 8 and central.

No. 623 is the farthest box from central station of any in the city, and is a long run even for police No. 8, which is nearest it. The police department is making an effort to locate the offenders.

SMASHES LIGHT POST

George Kale Has Narrow Escape Avoiding Freight.

While attempting to stop to allow a freight train to pass, a machine, driven by George Kale, 1418 S. Michigan st., crashed into an electric light post at the corner of Lafayette and Division sts. With him were his brother Donald and George Stover. None of the occupants of the car were hurt.

Kale was driving north on Lafayette st. and, seeing the approaching train, he put on the brakes. The machine skidded and turned completely around. It ran up on the curb and broke the rear of the car, the iron post, breaking it off at the base. The right rear wheel was broken, this being the only damage to the automobile.

Miss Katherine Bogner, daughter of Mr. and Mrs. Michael Bogner, 730 W. Jefferson Blvd., was among 20 young women who entered the order of the Sisters of the Holy Cross Friday morning at solemn services held in the chapel of Loreto at St. Mary's. Miss Bogner has been in the novitiate at St. Mary's for the past year. She received the name of Sister Marie Des Victories.

At this morning's services the 20 young women received the black habit of the order and the white veil. At the end of one year they will take the vow for three years and receive the black and at the end of three years they will take the final vows which pledge them to remain a member of the community for the remainder of their lives. Those who took their first vows five years ago will take the final vows on Aug. 15.

The services Friday morning were impressive. Preceding the solemn high mass, which was sung by the Very Rev. Andrew Morrissey of Notre Dame, provincial of the Holy Cross order, Rev. J. At the altar they knelt while they made in concert their request to be permitted to enter the order and repeated their vows. As they knelt they were presented with the habit of the order. Rising they left the chapel with the mistress of novices and returned, wearing the black habit and the white veil.

Preceding the administering of the vows Rev. J. French, C. S. C., delivered a sermon on the spiritual blessings of the religious life, pointing out how the life of the religious daily separates them farther from the world and carries them nearer to Christ. His text was "I have chosen you."

The names of the young women entering the order and the names which they will henceforward bear are as follows: Ella M. Mulcair, Limerick, Ireland; Sister Marie Gemma; Annie Heavey, Galway, Ireland; Sister Mary Hughetta; Catherine Hill, Quebec, Canada; Sister Mary Deotilla; Mary E. Henderson, Fultonville, N. Peter Lauth, C. S. C., Rev. J. Gallagher, C. S. C., Rev. W. C. Rev. J. O'Neill, C. S. C., Rev. T. Irving, C. S. C., Rev. Peter Herbert, C. S. C., Rev. J. Devers, C. S. C., Rev. August McDonald, C. S. John Guendling, representing the Sunny Side Golf club at the Junior tournament at the Western Golf association, held at the Midlothian Country Club links, lost out Friday when he was defeated in 18 holes. The local player lost four up, with three to play. His showing, however, was even better than was expected.

HILLMAN CASE ON TRIAL

Woman Is Alleged to Have Used a Carpet Sweeper.

That Mrs. Rosa Hillman, 104 N. Hill st., beat Mrs. Otis Smith with a carpet sweeper after her son, Victor Hillman, had knocked Mrs. Smith down, was the story told in city court Friday by Mrs. Gene Baer, a friend of Mrs. Smith. The Smiths were complaining witnesses against the Hillmans in charges of assault and battery, and the state closed its case shortly after noon.

The taking of evidence was resumed at 3 o'clock Friday afternoon when the defense placed witnesses on the stand.

WINS FIRST PRIZE IN PHOTOGRAPHY CONTEST

Miss Harriet Stover Awarded Honors for Portrait in Magazine Contest.

Miss Harriet Stover of South Bend, who during the past two years has been making rapid strides in the world of photography, has just been awarded first prize in a contest put on by the Photographic Times. The contest was entered by a large number of novices and it sprang from the work that she was able to take first place. Second prize was taken by Dr. Dwight Tracy of Springfield, Conn., and the third by John M. Kinney.

The photograph by Miss Stover which won first prize is a home portrait of Mrs. Mary L. Green. She is pictured seated on an old-fashioned arm chair with an open newspaper in her hand. Beside her on the floor is her sewing basket. The point of interest in the background is a bowl of cosmos on an old-fashioned table.

Miss Stover received high commendation also for two other portraits which she submitted, both of which together with her portrait of Mrs. Greene are reproduced in the August number of the Photographic Times.

OUTBREAK OF VILLA FORCES IS EXPECTED

(CONTINUED FROM PAGE ONE.)

in the district controlled by the Villistas.

According to the Carranzistas, Villa has threatened to close all the Chihuahua mines and confiscate them unless he receives this money by Monday.

WASHINGTON, Aug. 6.—Restoration of constitutional government without bloodshed if possible; but restoration of constitutional government.

That is the program already decided on by the Latin American diplomatic representatives and Secretary of State Lansing. Each representative who was present at yesterday's initial conference declared today that much progress was made. While all have agreed to maintain a policy of secrecy, they were willing to admit today that there is an excellent chance that a concerted plan of action will be agreed upon.

The conference Thursday made definite progress. Approval was given the suggestion of this government that a joint appeal by the United States and the six Latin republics should be made to Carranza, Villa and Zapata, to get together and agree on a peaceful settlement of their differences. It was emphasized that the success of this plan depends on Gen. Carranza, as no difficulty is anticipated in getting the consent of the other leaders. The conference Friday will be held only with suggestions as to the course to be followed in case this plan is rejected, or if it fails to accomplish its purpose.

Points Established.
In connection with the conference, these points were established:
First—The diplomatic representatives of the Central and South American republics were invited to the conference in an advisory capacity, it being the object of the United States to obtain the suggestions and approval of the principal republics of the western hemisphere as to the course the United States shall follow in the future in Mexican affairs. It is the view of the state department that any course this government may be called upon to take in Mexico shall not be permitted to develop friction between the United States and the Latin-American republics, but, on the contrary, the situation may be made the opportunity for the manifestation of a spirit of co-operation.

Second—The participants in the conference were given to understand that the United States does not intend to invade the republic of Mexico.

No International Force.
Third—America for the present, at least, does not contemplate the employment of international military and naval forces in the event it becomes necessary to use force in restoring peace to Mexico. The advice of state and war department officials is against this. Officials of the state department take the view that the obligations of the United States require it to proceed alone, in case the application of force is demanded, and officials of the war department are of the opinion that from the military standpoint the task of pacifying Mexico could be accomplished with less friction if the United States alone was engaged.

The method to be adopted to induce Carranza, Villa and Zapata to meet and discuss plans for a settlement of Mexico's affairs, apparently has not been determined. There has been some suggestion of late that Gen. Hugh L. Scott, chief-of-staff of the army, who has considerable reputation as a pacifier, might be sent to Mexico to extend such an invitation, but officials Thursday declined to admit that his would be done. It is known, however, that the suggestion was made to Sec'y of State Lansing by war department officials six weeks ago.

Balks at Tagle.
Officials, however, are not confident that Gen. Carranza will participate in any conference which looks to his elimination as the controlling factor in Mexico. They had a demonstration Thursday of his disposition toward the views of his supporters called on each of the six Latin-American delegates and informed them that Gen. Carranza would not submit to the selection of Manuel Vasquez Tagle, minister of justice in the Madero cabinet, or any other official of the Madero regime, as the provisional president of Mexico. This activity of his part was accepted as a direct defiance of Pres't Wilson as it is generally known that one of the plans favored by the president contemplates the support of Tagle.

The delegation included Heriberto Barron, Luis Cabrera, Carranza's minister of finance, and Roberto V. Pesquiera, who delivered to each of the diplomats copies of Carranza's letter to Pres't Wilson setting forth his own claims to full succession to the presidency.

Fuller Also a Thorn.
Further manifestation of Carranza's attitude toward the conference and anything it may approve, was given in the action of the Carranza representatives Thursday in criticizing the presence of Paul Fuller at the conference. They declared that he represented the religious element in Mexico and was prejudiced against the Carranzistas. This criticism was taken seriously by the state department officials, however.

When the conference met it developed that this government had a complete list of tentative proposals for dealing with the Mexican problem. This series of propositions had been worked out since the president's note to Mexico on the second of June. Announcement was made Thursday that Battery D, of the Sixth field artillery, had been ordered from Fort Riley, Kansas, to Nogales, Arizona.

Sec'y Lansing said this was done at the suggestion of the state department because of reports that American territory was in danger of being violated by Mexican rebels. The secretary said also that following urgent representations by the Brazilian minister in Mexico City, acting for the state department, the Gonzales order that Americans be disarmed had been modified. Americans will be permitted to keep their arms indefinitely.

HOLD ORDER IN COUNCIL

Illegal Subterfuge

England to be Told This Was Manifest When American Ships Were Seized.

WASHINGTON, Aug. 6.—The receipt of Great Britain's latest notes on neutral commerce has compelled the state department to revise the note it has had under preparation for some time and to introduce it in several new points.

The two most important features of the note will be an exhaustive treatment of Great Britain's enforced embargo on the Scandinavian countries and Holland and a sharp demand that American goods be permitted to pass without molestation to neutral ports. The reply will say:

"First, that when Great Britain forced Denmark, Holland and the other smaller countries to agree to an embargo, it was a confession that it was her only way to prevent American goods going from neutral ports into the enemy country.

"Second, that the order in council

WIFE WANTS DIVORCE

Anna Burgess Says That Husband Is Habitual Drunkard.

Anna M. Burgess petitioned the circuit court Friday morning to grant her a divorce from Henry W. Burgess who, she says, abandoned her in 1914 after they had been married two years. The petitioner says that her husband is an habitual drunkard and that he often told her that he wished she would leave him. She asks for her maiden name of Anna M. Price.

U. S. MARINES TAKE FORTS

Indications Are Men Will Stay Until All is Settled in Haiti.

PORT AU PRINCE, Hayti, Aug. 6.—American marines and blue jackets Thursday occupied Fort Casernes, Fort Dessalines and Fort Nationale, and with the establishment of the naval forces of the United States at that place the occupation of the capital of Haiti became stronger than it was ever thought it would be. Every indication now is that the United States has sent its forces into Haiti to remain until the situation in this country is completely settled and a constitutional government has been finally established.

It was said here today that next Sunday will be set as election day and that a president will be chosen then. A high official here said today that this had been definitely decided upon.

GERMAN CAPTIVE WRITES

Tells Relatives of Life in the French Camp.

BERLIN, Aug. 5.—"The Waldshut (Baden) Albote" publishes a long letter of a German soldier who was taken prisoner by the French in January and has been sent to a camp in Algiers. The captive assures his relatives that he is treated very well. He lauds the French people and military authorities, but the first words of the different paragraphs of his letter tell a different story. These words, when combined, form the following sentences: "At last alone, I have found a way to tell you the truth. Our camp is a hell and I am suffering awfully. The Frenchmen are crazy with rage and torment their prisoners. Trash them as hard as they can; they don't serve it." The censor of course did not discover these hidden sentences, or the letter would never have reached Germany.
